

## ROCKIN' ROLLER

- ❑ The set adapts and adjusts along with the gymnast's technique, by adding or removing the different elements depending on the use
- ❑ Ideal for learning back flips thanks to its rounded shape
- ❑ Teaching aid that allows the gymnasts to work in complete safety
- ❑ Allows the gymnast to work in full autonomy, without the need to be spotted by its coach, which optimizes the latter's work
- ❑ Comfortable thanks to its firm and stable foam

## TECHNICAL FEATURES

- Length = 70 cm
- Made from 30 Kg density polyurethane foam
- Phthalate-free 1000 denier « leather look » PVC cover with M2 fire rating
- With 2 carrying handles
